RE: Transfer of Verizon's local exchange and long distance business to Frontier Communications

Dear Secretary Dortch,

Attached are signatures from more than 5,300 citizens of West Virginia who believe that the proposed sale of Verizon's landlines to Frontier Communications is not in the public interest.

The petitioners call on the West Virginia Public Service Commission to REJECT the Verizon/Frontier deal. The petition reads:

"Verizon (#17 on Fortune 500) wants to sell its phone operations in West Virginia to Frontier Communications (#834 on Fortune 1000). Verizon will get \$3 billion tax-free and Frontier will end up \$8 billion in debt. The West Virginia Public Service Commission will determine if the proposed deal is in the public's interest. It has the authority to approve or deny the sale.

"We, the undersigned, believe the proposed Verizon/Frontier deal is bad for West Virginia and not in the public interest. We urge the West Virginia Public Service Commission to REJECT this deal."

Experts have testified and compelling evidence has been submitted to the West Virginia Public Service Commission that the proposed sale is not in the public interest.

Opinion surveys, letters sent to the Public Service Commission and to the Governor, and these petitions show that the public is overwhelmingly opposed to the deal. It's obvious to everyone that approving this transaction is too risky because the dangers far outweigh any purported public interest benefits. Once again, we urge the Commission not to approve the sale.

Sincerely,

**Elaine A. Harris
CWA International Representative**

REJECT the Verizon/Frontier Deal

Verizon (#17 on Fortune 500) wants to sell its phone operations in West Virginia to Frontier Communications (#834 on Fortune 1000). Verizon will get \$3 billion tax-free and Frontier will end up \$8 billion in debt. The West Virginia Public Service Commission will determine if the proposed deal is in the public's interest. It has the authority to approve or deny the sale.

We, the undersigned, believe the proposed Verizon/Frontier deal is bad for West Virginia and not in the public interest. We urge the West Virginia Public Service Commission to REJECT this deal.
